

Patent Number  
US6,523,275 B2

# EVERY ROOFER'S DREAM COME TRUE!

The patented Starrett Roofing Tape is designed to save time and money in laying out the two most common roofing shingles.

When laying conventional (traditional or 3-tab) use the black scale on the tape with bond markings indicated with a circle around the number; and for dimensional (architectural) use the red scale on the tape with bond markings indicated with a red oval around the number.

Marked for Laying  
Traditional  
and Architectural  
Shingles

Using the pre-marked Roofing Tape blade, a grid is created using two series of linear measurements: Course layout - Marked vertically along the slope of the roof. Bond layout - Marked horizontally.

This tape turns the nightmare of measuring and figuring into a dream job. For more information call 843.797.2500 or 800.541.8887.
