

NEW

Cut smooth, deep holes with **NEW** Heavy Duty Starrett Ship Auger Bits for wood boring

- ◆ **Single-spur** scribes the hole first, leaving a smoother finish.
- ◆ **Coarse Screw Point** draws the bit in for faster boring.
- ◆ **Precision Ground Cutting Edge** for long life.
- ◆ **Wide Lands** keeps bit straight when boring.
- ◆ **Hollow Center Twist** quickly clears chips out of the hole — Ideal in "gummy" woods.
- ◆ **Single Cutter Head** can be resharpened.
- ◆ **Versatile Line Offering**- 7 1/2" bits are ideal for tighter spots but can still clear three 2x4's. 18" bits available for deep hole applications.
- ◆ **The Right Size for Every Job!**
 - 7 1/2" length:** Available in 12 sizes from 5/8" to 1 1/2" (16 to 38 mm) diameter.
 - 18" length:** Available in 13 sizes from 9/16" to 1 1/2" (14 to 38 mm) diameter.
- ◆ **For 1/2" (13 mm) Drills or Larger**

Easily drills holes requiring long reach

Coarse screw point for faster boring
